# Smart Window

Smart Style Property
The "Smart Style" format is 121.ABCDE
where 121 is the lights (i.e. transom/mullion) configuration
working left to right ONE + TWO + ONE shown below

121.2103

Where ABCDEF set the opening light types working start at
A=top left working left to right as above
0 fixed, 1 top hung, 2 left hung, 3 right hung
Therefore 121.2106 is Left, Top, Fixed, Right.
