MC 600

MC 600 is a new curtain wall system capable of providing impressive, practical & economic glazed facades as a solution for both small and large scale multi-storey commercial buildings and ground floor treatment. The system has been designed with efficient fabrication in mind.

MC 600 benefits from an inter-changeable transom/mullion profile that allows fabricators to utilise the same section for both purposes, whilst achieving consistent sight lines. Depending on requirements MC600 can either be assembled on-site as a stick built system, or alternatively part assembled in the factory. MC600 can incorporate Smart window and door inserts.
